

THE COVID-19 SITUATION

Singapore's Regulations

The COVID-19 situation in Singapore is constantly changing and we are following government updates closely. We adapt our measures in accordance to requirements by various authorities so that we hold our wakes in a lawful manner.

We believe that the witnessing of the burial or cremation is vital to our grieving process. As all crematoriums and burial grounds are limited to 10 people, we will be providing live streaming services at no extra cost for attendees who are not able to be physically present.

Do see our packages below to look at our COVID-19 funeral arrangements.
